To the Citizens of Chester:

We come to the end of another year encouraged in many ways, but with a loss we all feel, in the passing of George L. Fitts, a trustee of the Home for the past three years. He was interested in the Home and hopeful that it would greatly prosper, and always faithful to his duties as a trustee.

We thank one and all for gifts received the past year. It is gratifying to realize and feel the good will and interest of our people. Following is a list of those who gave both canned and fresh fruits and vegetables. Miss Mary B. Noyes, Mrs. Wm. Nichols, Mr. and Mrs. Albert Healey, Mr. and Mrs. Phillip Hazelton, Mr. and Mrs. A. V. Allen, Mr. and Mrs. Arthur Leighton, Mr. Martin Mills, Mr. and Mrs. Charles Goldsmith, Chester P. Hunt, Mrs. Bertha McCully, Mr. and Mrs. William Wason, Mr. and Mrs. Wm. Underhill, Mr. and Mrs. Roland Nichols, Mrs. F. G. Lewis. The neighborhood Club, a fine velvet sofa pillow, Rev. Mr. Blake, 8 vols. of the World War and Evangelical Family Library, 15 vols., Mr. Chester Wilcomb, cloth and a large flag, Miss Jennie Dearborn, a chair, Mr. Martin Mills, yearly subscription to *National Geographic Magazine*, F. G. Lewis,

Readers' Digest, Mrs. Bell Whittier of Fremont, subscription to *Zions Herald*. A table cloth from Mrs. Sarah Prescott of Manchester who is making arrangements to permanently stay at the home. We are pleased and grateful for being remembered in the will of Mrs. Ellen Coates.

We make special notice of a gift of a load of hardwood fitted for the stove and delivered from Mr. Henry Young. Mr. Young though handicapped by the loss of one hand, has given a lordly gift. The same can be said of Mr. Arthur Leighton, though he also met with the same loss, gave generously of vegetables.

We are thankful and pleased that the general health of all in the home is remarkably good. Much credit is due the Matron (Mrs. Reynolds) for the good health of all, by supplying proper food and ministering to any slight indisposition at once thereby warding off something more serious perhaps.

Respectfully submitted,

MARTIN MILLS,
MYRTLE TENNEY,
BERTHA McCULLY,,
FARISH G. LEWIS,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The school problem in Chester has been essentially changed since the 1934-1935 report was issued. An overcrowded condition in the Primary room has been the cause of the change. This has made it necessary to open and provide facilities for an additional school.

SPECIAL DISTRICT APPROPRIATION

At a special school meeting authorized under Chapter 120, Sec. 3 of the Public Laws, the district generously voted an appropriation of \$500 to be used by the School Board in repairing the Primary Schoolhouse. Now, Chester being a State-aided district, is by law and State regulations, required to maintain "standard elementary schools." One of the requirements of a "standard school" is that there shall not be more than 42 pupils in a room when there are pupils in four or more grades.

Last year's school records show that the total enrollment in the Primary room was 53 pupils in four grades with an average attendance of 45; a continuation of these conditions would have resulted in loss of State aid.

The appropriation of \$500 for repairs brought this whole matter to the attention of the State Department of Education when plans for needed repairs were presented for approval.

THE PLAN ADOPTED

Numerous conferences between local and State school officials resulted in the adoption, by the School Board, of plans jointly worked out with the State Board. As a final result the

Primary building was remodeled into a two-room building well lighted, well heated and very convenient. This building is now capable of handling 50 pupils and is today accommodating primary grades one and two in one room and grammar grades, six, seven, and eight, in the other room. Grades three, four, and five are in the old building across the street.

FINANCES

It became evident after the plans for remodeling were reduced to the most economical form, that the \$500 appropriation was not sufficient to meet the minimum requirements of the State Department but it was thought that by rigid economy there might be sufficient unused balances from the appropriations already voted at the regular school meeting to absorb whatever overrun might occur, and this would have been the case but for an increase in high school attendance amounting to over \$300.

It now appears that a special appropriation of \$260.87 asked for in the Warrant will balance the budget for the year ending June 30, 1936.

SCHOOLS AND OPERATING EXPENSES

In the natural course of administration an additional school will cost about \$900 for operating expenses; \$724 of this increase has been returned to the district as additional State-aid, thus bringing the total, this year, up to \$1,362.16. This same amount will be received next year and thereafter so long as four schools are required. Thus Chester is benefitted by a better classification of pupils, less pupils per teacher, and better school rooms, at a small increase in the tax levy above that of three years ago.

The people of Chester will be interested in figures taken from a State Board of Education report for the year ending June 30, 1935.

This report shows the cost per pupil of elementary education (not including high school) in every district in the state:

The highest cost was \$328.19 per pupil; the lowest was \$40.52; Chester's per pupil cost as shown in this same report was \$55.18. The three neighboring towns, Londonderry, Derry and Auburn, show \$56.54, \$58.18 and \$59.01 respectively as their per pupil cost. Manifestly the public schools in these towns are not adding unnecessarily to the taxpayer's burden.
